

# 3100i IR fixed camera series

## Intelligent video security without compromise

The 3100i camera family is a versatile camera range to handle everyday surveillance without compromise. All models are equipped with Intelligent Video Analytics Pro (IVA Pro) Buildings based on deep learning for high object detection accuracy. Like all Bosch cameras, the 3100i family includes a built-in Secure Element with a Trusted Platform Module (TPM) to ensure the highest level of data security.

### Built-in intelligence with deep learning

Advanced intrusion detection in and around buildings

Alarm rules such as line crossing, loitering, and object detection

Accurate detection and counting of static or moving people and vehicles

Live alarming and forensic search

Plug-and-play (no calibration needed)

### Secure

Highest level of data security with built-in Secure Element

### Durable housing (outdoor models)

Vandal-proof IK10

Weather-resistant IP66

Invented for life
