

# Integrated features with Genetec Security Center

## Video Systems

### Video Analytics events and overlays

- Events – Alarm triggering
- Automatic alarm follow up
- Visualization of object shapes and trajectories
- Metadata fusion
- Video Analytics while moving (PTZ)

### Highest image quality

- Starlight technology

### Data management and security

- End-to-end data security solution
- Intelligent bitrate management
- Dewarping for panoramic cameras

## Fire Alarm Systems

### Video based fire detection (AVIOTEC)

- Detect fire or smoke with Intelligent Video Analytics

### Modular fire panel: FPA-5000

- Integration based on OPC protocol

## Intrusion Alarm Systems

### B and G series & MAP 5000 control panels

- Auto discovery of intrusion system entities
- Federated video of intrusion panels
- Real-time status monitoring of devices
- Manual or automatic control
- Event monitoring
- Video verification

## Public Address

### Public address (PAVIRO)

- Send messages or announcements to different zones
- Program different zones as extensions
- Number to reach the desired zone is indicated

## Critical Communications

### TELEX Radio Dispatch

- Send messages or announcements to mobile radios
- Have two-way communication with mobile radios

## Genetec solutions with Bosch cameras

### Restricted Security Area (RSA) surveillance

- Visualization of moving objects on geographical maps

### Occupancy Management Package

- Use Bosch cameras with Video Analytics as a sensor to build your customized occupancy package

### Stratocast (Cloud-based video monitoring)

- Support for Bosch cameras and Video Analytics

### Traffic Sense

- Bosch cameras with Video Analytics at the edge can be used as intelligent sensors for ITS applications
