OPC UA Server allows integration of Milestone VMS and Bosch BIS

Video Management

Bosch Security and Safety Systems and Milestone Systems

- ▶ OPC UA compliant
- ▶ Shows the connection status of cameras and recording servers
- ▶ Shows the state of outputs
- ▶ Can be used to trigger user defined events that exist in the Milestone system
- ▶ BIS data can be displayed in Milestone VMS

OPC for Milestone System Architecture

O-Insights OPC UA Driver allows data exchange between Milestone VMS and Bosch BIS – Building Integration System. The alarms and events can be shared seamlessly between the systems. The driver also allows BIS to easily access all the cameras and recording server(s) critical information from the Milestone VMS.
