

Bosch Building Technologies Academy

Training Catalog 2025

Bosch Building Technologies Academy**Training Catalog 2025**

Dear customer,

We welcome you to our ***Bosch Building Technologies Academy!***

With our focus in excellence and competence, we aim to continue to provide high-quality trainings in our learning platform. Within this catalog you will be able to see the various commercial and technical certifications in our different areas of expertise:

***Video
Systems***

***Access Control
& Intrusion Systems***

***Communication
Systems***

This training catalog is binded to the year of 2025, with the disclaimer that it may undergo changes (e.g., training may be cancelled in there are not enough participants).

At your disposal, our [Terms & Conditions](#).

For further details or questions, we're available at boschsecurity.training@bosch.com.

Bosch Building Technologies Academy

Training Catalog 2025

Types of trainings and classes

Online training courses

You can define your own timings and follow your own pace with our online trainings.

Virtual classes

Our online classes are conducted by experienced trainers and promote real-time interactions.

In-person classes

You can access one of our in-person classes, conducted by experienced trainers at one of our Bosch facilities.

Training plans

Get a more complete knowledge about your choice of subject with our set of grouped courses.

Bosch Building Technologies Academy

Training Catalog 2025

Certifications and Recertifications

Our certifications lead to an **official Bosch certificate**. In general, ***you can get certified at an expert and master level.***

TECHNICAL CERTIFICATION

Expert level - Provides the essential knowledge for the basic configuration. In case of Communication Systems, it also includes system design.

Master level - Builds upon the expert level by providing a deeper knowledge for advanced configurations and troubleshooting.

COMMERCIAL CERTIFICATION

Expert level - Includes several training modules to obtain knowledge about product portfolio for sales prospects highlighting the key benefits.

Master level - Builds upon the expert level by providing a deeper understanding of product portfolio to sell the values of our solutions.

Bosch Building Technologies Academy

Training Catalog 2025

RECERTIFICATION

As our products and services improve, it is crucial to keep our students up to date. Our certifications have a **two-year validity period**, therefore three months before it expires, you obtain access to a recertification training that provides you all the information needed to stay updated.

Then, you will have one year to do the recertification, **fully online**.

You will find the recertification training here:

Bosch Building Technologies Academy

Training Catalog 2025

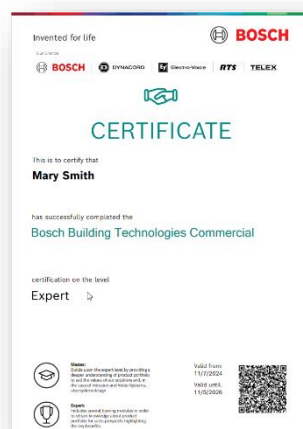

Types of Documents

In our academy, you will find mainly **two types of documents**.

After completing an Expert or Master certification, you will receive a **CERTIFICATE...**

... or a **MULTIBRAND CERTIFICATE** (Dynacord, Electro-Voice, RTS, TELEX):

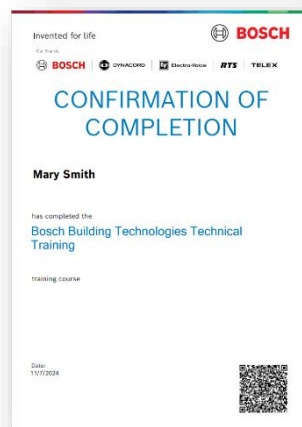

Bosch Building Technologies Academy

Training Catalog 2025

After completing, in some cases, an online training or after attending an in-person or virtual classroom training, you will receive a **CONFIRMATION OF COMPLETION...**

... or a **MULTIBRAND CONFIRMATION OF COMPLETION** (Dynacord, Electro-Voice, RTS, TELEX):

Booking Information

How to book an in-person or virtual class:

1. Select the class you wish to register:

Dates	Location	Open seats	Language	Price	Status	
12/03/2024 - 12/04/2024	Virtual - EST	Waiting list	English	USD/ Training Kit 830.00	Not registered	Details / Register
12/17/2024 - 12/18/2024	Virtual - EST	Waiting list	English	USD/ Training Kit 830.00	Not registered	Details / Register

2. Confirm the information and proceed with the registration:

Class details

Overview

Course	G Series Expert Certification (Classroom or Virtual)
Location	Virtual - EST
Price	USD/ Training Kit 830.00
Open seats	Waiting list
Language	English
Registration period	12/09/2020 - 11/19/2024
Status	 Not registered

Schedules

Dates	Location	Trainer
12/03/2024 01:30 PM - 09:30 PM	Virtual - EST Virtual - Eastern Standard Time Virtual - EST USA	Brian Hughes
12/04/2024 01:30 PM - 09:30 PM	Virtual - EST Virtual - Eastern Standard Time Virtual - EST USA	Brian Hughes

3. Get in touch with your sales contact to make the payment.

Please be aware that there are mandatory online training courses as prerequisites to be able to attend the in-person an/or virtual classes. The prices for in-person and virtual training published at our Online Academy are based on the full course. All prices exclude VAT.

BOSCH

VIDEO SYSTEMS

 **BOSCH** **DYNACORD** **Electro-Voice*****RTS*****TELEX**

Our AI-enabled video systems support users in understanding their environment more deeply so they can respond proactively to situations, which minimizes risks and potential damages — ultimately giving them the ability to know what's next. We call this the Power to Predict, and it serves as our guiding principle.

Bosch Building Technologies Academy

Training Catalog 2025

CAMERA CERTIFICATION (TECHNICAL CERTIFICATION)

You will learn about our **configuration tools**, how to configure our cameras, how to use and configure our analytics and how to secure your camera. To be certified, you need to **complete one of the three learning paths** and the **certification exam**.

Online training

Online: **9 hours**
Classroom: **3 days**
(online pre-requisites needed)

System engineers,
Administrators &
Installers

Classroom training

CONTENT

- **Camera Configuration:** tools, initial camera configuration and advanced camera configuration;
- **Video Analytics:** types of analytics and their applications, calibration, and rule configuration;
- **Data Security:** the Bosch principles, initial configuration, and use of certificates.
